### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The title has been changed as follows:

--Absorbent sheet made with papermaking fibers with durable curl--.

In the Amendment to the specification filed on March 22, 2004, on line 4 of the "Cross Reference to Related Application" section, after "09/793,874," the phrase --filed on 02/27/2001, -- has been inserted.

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach an absorbent sheet as claimed. Specifically, the prior art fails to teach the use of refined, heat-treated, curled, bleached, Kraft fibers with a curl index of at least 0.12 in a mixture with a lower curl to form an absorbent sheet. Note that even though the curled pulp has been claimed as a product by process, applicants have presented proof that the process imparts new characteristics to the fibers; see remarks and declaration filed on August 30, 2006 and declaration filed on April 07, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
